

TBI FORUM

Duct Tape and Beyond!
Adaptive Tips and Tricks for
those living with a Traumatic Brain Injury (TBI)

This forum will focus on adaptive or assistive technology tips and tricks from Curt Johnson discussing both high and low tech solutions to help with everyday living after a traumatic brain injury (TBI)

March 9, 2016

6:30 PM — 8:00 PM

UW Medical Center, South Campus Center, Room 303

Curt Johnson, MS, CRC, ATP is an expert in assistive technology and will join us to present on some ways that adaptive equipment may make your life easier. If you have questions about this event, please email uwtbi@uw.edu or call [206-543-0219](tel:206-543-0219).

Additional information can be found on our website: www.tbi.washington.edu

Brought to you by the University of Washington's TBI Model System

How to get to the Forum:

Parking is \$5 in the S1 parking garage: From N.E. Pacific St. turn south onto 15th Ave NE and proceed to parking gate where you will get a permit. Enter the South Campus Center and take the elevator to the third floor. From the elevator, go down the hall to room 303.
